Ship pipes to:
Briarville
347 Cherry Laurel Dr.
Palm Harbor, FL 34683

Pipe Repair as Close as Your Mailbox®

All repairs at the owners risk.

Briarville Assurance – We will only repair or service what's needed on any pipe as directed by our valued Clients. All professional due diligence is observed while your pipes are in our care and custody. Because of the nature of the materials, age and prior usage, an attempted repair can do more damage even to the point a repair is not possible. This is particularly true with vintage or new meerschaum pipes and featherweight pencil shank briar pipes for re-stemming. While rare, if further damage occurs or undisclosed damage is discovered you will be notified. Briarville ships USPS Priority with tracking numbers provided on every shipment. We do not accept any liability for carrier failure, losses, or damage. All repairs are at the owners' risk.
